JATIWANEI - LUMBUNG - KASSEL DEVELOPMENT FORUM

Open platform to discuss the notion, the challenge, the possibility, the critics about the development.

QUESTION:
- How to deal w/ local authority and established city government?

We can make friends with power, with good intentions..

"We are creating a new circle between bussines people, politicians and citizens."

JAF

We hold the production base,
we regulate the circulation
of distribution, so the
economic agreement can be fair.

ZK/U

MATTHIAS

😊 General thoughts and how we think we can spend the next two years with the following 10 years together.

ZK/U going through a massive transformation

We're going to have a construction site there where we are going to sort of extend the common space to make it more accessible and make it more common.

COMMON SPACE STUDIO APARTMENT

↓ won't exist ...
1.5 years

→ roof will be gone and there will be a new roof on top & 2 more layers & stuff.

SO... WE THOUGHT...
MAYBE IT'S A GOOD IDEA TO TAKE THE PRACTICE THAT WE HAVE DEVELOPED OVER THE YEARS, TO CARRY THESE THINGS TO PASSEL

It's a general idea of moving is not just the people ...

LET'S CARRY THAT ROOF OVER TO KASSEL.

THIS IS A TIME OF TRANSFORMATION

Community / group:

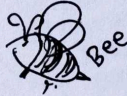

NETWORK

SHARING RESOURCES

Monetary logic of economies

But mostly ideas, from one place to another, sharing ideas, then moving back again and... something will stay ...

Continuing beehives execu
idea → developing an economy
the well-being of bees
↓
economic system

COMBINE: ECONOMIC SYSTEM INTO LUMBUNG

Maybe more interesting than just taxation

IDEAS: We can set up with all these different activities & networks have assembly in KASSEL.

PHILIP HO

General idea: GROUP ACTIVATED

MATTHIAS

CARA

HOW CAN AUDIENCE OR RATHER SAY LOCAL PARTNERS PARTICIPATE IN THE IDEA?

DEVELOPMENT OR .. IN THE CREATION

MATTHIAS SINGING W/ PIANO:

PAYING TAXES IS FINE
WRONG DISTRIBUTION IS A CRIME...

QUESTIONS :

AD: About public or audience... or public, that you sort of like through time? How does it develop? How you deal with them?

ANSWER :

MATTHIAS: Development of Relation is something that takes a lot of time...

DEVELOPMENT RELATION

TRUST

in classic exhibition you don't develop a trust relationship

Reliability people know they can rely on you doing this on this particular day
